By local delivery, Mr. TRAVERS says, must be understood the distribution. not only of correspondence originating in the Colony, but also of that which is constantly arriving by local steamers from China, Japan, Manila, the Straits, etc. In the town there are to be regular deliveries of local correspondence quite independent of either arrival or departure of contract mails, the deliveries to take place every hour from 8.30 a.m. to 8 p.m. In the suburbs there are to be three deliveries each day and all local correspondence is to be delivered exact. ly as it is addressed.
